

CMAC

CM AUTOMATION & CONTROLS LTD

British Engineering in the Heart of the UK

Electrical Control System Design, Manufacture,
Installation and Commissioning

- CAD Design
- PLC and HMI Hardware/Software
- Control Panel Manufacture
- Installation & Commissioning
- PCB Design & Manufacture
- Test Area & Production Panel Test Rigs
- Bespoke 1-off Panels
- AC & DC Drive Systems
- Stepper Systems
- Servo Systems
- Motion Control
- Relay Logic
- CNC Retrofitting
- Modern Replacement Parts
- Production Panels

With over 30 years of experience in Industrial Control System Design, Manufacture, Installation and Commissioning. We have completed projects within many area's of industrial control. From 1-off control panel systems to small batch production and individual projects to multiple projects we have been involved in Material Handling to Special Purpose Machines to CNC retrofitting of Machine Tools

Our engineering facilities in the Midlands gives us easy access to the whole of the UK and abroad.
